

## Iron County Register

IRONTON, MO. - JULY 22, 1915.

E. D. AKE, EDITOR.

VOLUME XLIX. NUMBER 7

THE bearded Russ seem to be getting it in the neck.

LAST year Iron county farmers bought; this year, happily, they are selling.

BIG crops and calamity howling are a discordant combination that sets a-jangle the tensioned nerves of the political pessimists.

At the beginning of the war, Russia was imperially made dry, toward greater efficiency for the army. Do subsequent results argue a return to vodka in offset to the victorious Teutonic Lager?

THAW is out at last, but the lawyers have not yet taken their hold from his leg. An appeal from the decision freeing him is taken to some one of the courts at hand for continued litigation. One is constrained to sing—So long as dollars still his pocket burn The legal mill will grind another turn.

It is said North Carolina's drastic prohibition laws are being threatened seriously by the new "pizen" invented by the sons of Hyde county. It is a substitute for corn liquor called "Meal Beer" or "Rip Gizzard," and is highly intoxicating. It is said to have the far-famed "licker" which makes a jack rabbit spit on a buldog's eye looking like a dose of soothing-syrup. The receipt calls for a peck of meal, 10 pounds of sugar and two or three pounds of dried apples. Five gallons of water are added, and the concoction is set back of the stove or in the sun to ferment. In a few days it has worked, and is then drawn off ready for the consumer.

COUNT of the ballots cast in the recent election of Hospital Service Managers on the Missouri Pacific-Iron Mountain System shows that the board of Managers for the period ending June 30, 1915, will be made up as follows: J. B. Corn, conductor, Little Rock, Ark., representing train, engine and yard service; Chris Deans, boiler-maker, Argenta, Ark., representing shops, roundhouses and repair yards; Wm. Sheridan, general roadmaster, Van Buren, Ark., representing employees on maintenance of way and structures; O. G. Jones, assistant paymaster, St. Louis, representing telegraphers and station employees; J. W. Higgins, General Manager, St. Louis; J. G. Livengood, General Auditor, St. Louis; T. L. Phillips, Valuation Attorney, St. Louis; and J. J. Knapp, trainmaster, Wichita, Kansas. A majority vote was cast in favor of lengthening the term of services of the Board of Managers from one year to three years. The entire hospital property of the Missouri Pacific-Iron Mountain is controlled by the employees of the system. A Board of Managers, which has direct supervision of the work, is chosen from the different branches of the service.

ONE Green, a fellow-prisoner in the Atlanta penitentiary, last Saturday night assaulted Leo Frank with a butcher-knife, cutting him seriously, if not fatally. The cut extends from the front of the neck around the left side and almost to the middle of the back thereof. Neither the windpipe or the spinal cord was hurt, but the jugular vein was partly severed. Frank was quartered at night in a dormitory with about 100 other prisoners and occupied a bunk about 40 feet from one of the two doors leading to the large room. Green's bunk was fourth from his. No prisoner is allowed to leave his place without permission from one of the two guards stationed at the dormitory at night. Shortly after 11 o'clock Green called out for permission to get up and it was granted. He started down the line of bunks toward the one occupied by Frank. As he reached it he quickly grabbed Frank by the hair and delivered one blow with the knife he had concealed. A guard rushed to the bunk and prevented Green from striking again. Green, who is serving a life term for murder, had been that day assisting other prisoners to kill hogs, and when he quit work secreted upon his person the knife he used in butchering. The attempted murder is a fitting climax to the intense hatred attending the Frank trial and the disgraceful mob action subsequent to the commutation of his sentence from hanging to life imprisonment, for which action the Governor, an upright, honest, oath-observing official, was hounded into private life.

### Des Arc Items.

We are having very hot weather. Our farmers are busy threshing wheat. Everywhere I have been it is selling at \$1.10; flour, old wheat, \$8; new wheat, \$5.50. There is general complaint of the wheat being damp, and there will be some bad flour.

I was down in the watermelon section. They are fine this year and shipping will commence August 1st. Cantaloupes are on the market, selling at thirty cents a basket.

Our prosecuting Attorney, Wm. H. Edgar, Jr., was here Saturday. As this is a Holiness town, do not suppose he found much business.

Frank Jones was seen on our streets Saturday. He talks of locating at Ellington. He is a first-class dentist.

Several from here will attend the Arcadia Assembly.

F. P. Farr and Luther Daniels are buying some fine stock cattle to ship to the St. Louis market.

Helen Gould Williams of St. Louis is visiting her grandparents, Mr. and Mrs. T. P. Fitz.

Mrs. Farris visited her mother in Piedmont the first of the week.

G. Chilton shipped a car of sheep to St. Louis Monday.

A. K. Wallis made a business trip to St. Louis last week.

Winfred Stevenson has returned to his home in Libbourn, Mo., after visiting relatives and friends here and at Brunot for a few days.

Ray Jones from Brunot went through here last week on his way to Libbourn, Mo., where he is employed teaching.

Marshal Stevenson from Taskee spent Sunday here with his mother.

Maud Jones is visiting her sister, Mrs. Gussie Poston, in Flat River this week.

Miss Frankie Harrison has returned to her home in Gainesville, Mo., after spending a few weeks with her brother, Mr. Glen H. Harrison, and family.

Dr. Frank Collins spent Sunday in St. Louis with his best girl.

Mr. Wiley Roberts, wife and three little daughters returned home Friday from a week's visit with relatives and friends at Williamsville.

James Lovelace and family are visiting his brother, Manuel, at Brunot. Richard Rhubottom and wife from Piedmont were here Sunday to hear Bro. Taylor preach.

Mont Stevenson was in town last week.

Mrs. John Barth and children are visiting Mr. Hackworth.

Glen Harrison went to Piedmont Sunday.

J. H. Stevenson made a business trip to Ironton Friday.

Ed Schmidt and wife, Alvin Wallis and family, Mrs. Schmidt and children and Miss Lucy Schmidt of Des Arc, and Mr. Tempy and wife, of St. Louis, went out on a big fishing trip the past week. They all report a good time.

Nation Gordon and family visited his sister at Brunot.

Rev. Taylor filled his regular appointment at the Baptist church here Sunday.

Quite a crowd of young folk from Piedmont were guests of Miss Frankie Harrison last week.

Mr. and Mrs. Andy Godbey from Brunot visited relatives here last week.

### ASSEMBLY NOTES.

I attended the Methodist Assembly at Arcadia Sunday evening. Heard a fine sermon by Dr. McMurray, pastor of Centenary Church, St. Louis. His theme was "What think you of Christ?" The singing was fine, especially the old-time songs, like "Tell Mother I'll be there!" The rain prevented many from attending at night. In walking over that tented field it brought back memories of my soldier days from Manassas Plains to Appomattox Court House. No one but the soldier knows the hardships we underwent in those dreadful four years. But thank the Lord, while most of us have crossed the river, there still a few of us left. A few more years and we will be gone. May God help us to live that we will be ready for the bugle call!

### Annapolis News.

We had a big rain Friday night and Sunday.

Wheat threshing is booming and the yield good. The Annapolis thresher, run by Wm. and Ben Funk and Walter Warncke, is now at Ed Funk's, on Bear Branch.

Old man Cunningham, who came here from Rhodhouse, Illinois, last winter for his health, but who has come in Poplar Bluff for some time, came back here to-day to try and regain his health.

Ties are pretty well shipped out of here. E. A. Loyd and John T. Webb shipped out four cars of switch ties last week and have one more yet to load. Reese & Thurman have about fifteen cars to load.

Squire Kitchell's baby girl was a month old Saturday. She grows fast and is proving an early riser.

It is said that we are to have a change in our mail service soon.

Alonso Miller will leave Annapolis about August 10th; doesn't know exactly where he will go, but thinks Arkansas will suit him best.

It is reported that a man and another man's wife who left here recently for Oklahoma, were last week seen at Crossett, Arkansas.

Gus Funk cut his Soudan grass a week ago last Friday and it is now waist high and nearly ready to cut again. It is said you can cut three crops a season; but the way this has done this season there will be five or six cuttings.

The man who owns the Mayberry tract of land in Reynolds county was here last week trying to sell out to Reese & Thurman. There is a lot of good pine and white oak timber on the tract—enough to run a saw mill two years if properly handled.

Messrs. Smith and Blanton of Bicmarck were guests of Mr. and Mrs. C. E. Bolch Sunday.

E. A. Loyd informs me that the fight a week or so ago between him and Ben Funk was a draw. No one was whipped.

We told the story wrong about the pluckers on Black river last week. The girls stole the buggy from the boys and the boys had to walk home.

There was to be a game of base ball here with the Des Arc nine Sunday, but the weather was unfavorable and the Des Arc boys would not play.

The case of Gus Funk against the railroad, for damage caused by fire, has been appealed to the circuit court.

Lucian Kelly had some of the boys scared up this week by threatening to prosecute them for going in swimming, without bathing suits, too near the public road. He is not the only one who has threatened to prosecute. You had better look out, boys.

The public doesn't think that our postmaster, Robert Miller, was given a fair deal by the school directors at Vulcan. They first employed him to teach the school and then afterwards hired some one else.

Your correspondent has a letter of inquiry as to the soldier record of Rufus Heath, who died near Vulcan about a year ago. I knew him first at Iron Mountain in 1867.
